

# VINCE LESTER

I'm a general digital assistant focused on development, design, AI, and automation. I build digital solutions across website and software development, design work, and automated systems. My experience includes creating digital assets, applications, and AI-assisted workflows to improve efficiency and execution.

## Education

 Dr. Yanga's  
Colleges Inc.  
STEM (Senior Highschool)  
2017-2019

 Bulacan State  
University  
College (Bachelor of Computer Engineering)  
2019-2023

## Work Experience

2022 Malolos, Bulacan  
 ISPIR Center  
Visual Designer

I worked as a Visual design intern focusing on UI/UX at ISPIR, a research center at Bulacan State University (BuSU). My role involved wireframing, prototyping, and using design systems to build new pages that would be passed on to the developers.

2023-2024 Davao City  
 Excesol  
Lead Designer

As the sole designer at Excesol, I oversee and execute the overall design strategy, manage the company's branding, create engaging content for social media, design intuitive interfaces for mobile apps and websites, and produce videos for our YouTube channel. My role ensures visual consistency and a seamless user experience across all platforms.

2024-2026 Quezon City  
 KDCI  
Web/Graphic  
Design Consultant

As a web/graphic designer here, I create a wide range of materials for both the company and external clients including real estate firms, data companies, and food brands. I collaborate with other designers to develop marketing assets, websites, branding, social media content, marketing assets, etc. I use various design tools such as Adobe Softwares, Figma, and Canva, and also integrate AI tools like to enhance ideation and execution.

## Tools/Skills
